What our students say: *Visit our website for other testimonials*

I first experienced massage three years ago when I was given a gift voucher from a friend. It was such a wonderful experience I came away thinking 'how rewarding it would be to be able to make other people feel that way'. I enrolled the following year and completed Certificate IV in Remedial Massage which triggered my thirst for wanting more knowledge and skills than I had so far achieved. It was at that point in my life I heard of SIBT and a friend and I travelled to the Central Coast to study Neurolymphatics and upgrade our qualifications to the Diploma. I have continued to study with SIBT as they now offer courses in Dubbo and surrounding areas, which is a wonderful opportunity for Therapists in this area to have such knowledgeable, dedicated, caring teachers only too willing to share their wealth of knowledge and experience, in a friendly relaxed environment, available so close to home. I will be forever grateful for the help and support that I have received and highly recommend SIBT to everyone.
